## ALL SCHEDULES OF NORMAL MADE

DIRECTOR W. HANSON ATTENDS MEETING IN KANSAS CITY.

## TARKIO PROPOSED TURKEY DAY RIVAL

Most of Basket Ball, Base Ball and Football Games Arranged For—Important Changes.

The Normal schedules for basketball and baseball were made by Director Walter Hanson at the annual meeting of the Missouri Intercollegiate Athletic Association in Kansas City Friday and Saturday.

The first conference basketball game will be played with Central College at Fayette January 7 if a game can be arranged for the day before with Missouri University at Columbia. The rest of the schedule follows for the home games:

January 14—Missouri Wesleyan.  
February 4—William Jewell.  
February 11—Springfield Normal.  
February 25—Westminster.  
February 29—Tarkio.

The long-away-from-home trip was arranged by Mr. Hanson for early in the season this year. Missouri Wesleyan, Drury and two games with the Springfield Normal will be played January 19-22. Other foreign-court games are: William Jewell College January 27 and Tarkio at Tarkio February 17.

These are the conference games. The rules were changed to permit the playing of sixteen games in basketball and baseball and games played in vacations will not count. The Maryville Normal will probably get other games with teams not in the conference.

**Will Increase Athletics' Scholarship.**  
The Association decided in Kansas City to award a trophy to the senior in each school having a letter in one of the major sports whose grades are the highest. Another important ruling was that basketball games counting in the championship must be on regulation sized courts. This will make several teams play away from home, particularly Missouri Wesleyan and William Jewell who will probably play in the K. C. A. C. at Kansas City.

The annual Track meet of the colleges will be held at Tarkio May 19 and 20. William Jewell was awarded the football championship. Officials hereafter will be selected by a committee of the association to stop criticism of men for being partial to a school.

Conception college will open the Normal baseball schedule here April 7. The rest of the home games in baseball here are:

April 28—Springfield Normal.  
May 3—Tarkio.  
May 12—W. J. C.  
May 17—Mo. Wesleyan.

A trip to M. U., Central, Missouri Valley and Kirksville Normal will be arranged. Most of the out-of-town games were scheduled by Mr. Hanson in April when there is the most chance for bad weather. Missouri Wesleyan will receive the Maryville Normals April 13, W. J. C., April 14, Tarkio, April 21, and Conception college May 8.

**Next Year's Football Schedule.**  
Omaha University will probably open the football season here next fall. Westminster will play the State Normal either here or at Fulton October 6. Missouri Wesleyan will play either here or at Cameron October 20. The date of the Kirksville Normal game has not been set.

Tarkio college will have a Thanksgiving game with the Maryville Normal probably and the hope is that such a game can be made an annual affair. Three other games can be scheduled.

Most of the students of the State Normal school returned last night and this morning and school work has been resumed after the Thanksgiving holidays. The following programs have been arranged for next Thursday by the literary societies:

Philomatheans—Music, Lulu Marshall; debate, "Resolved, that the treatment of the American Indian has been just." Affirmative, Charles

Meyers, Edna Younger; negative, Bruce Wilkerson, Violet Pence; wit and humor, Ralph Palmer.

Eurekans—Modern American Singers, Blanche Criswell; Musicians in Germany Today, Edna Dietz; Italian Singers, Mary Wallace; victrola music, Jessie Ewing.

Excelsior—Music, piano, Miss Ica B. Street.

Oration, Viron Bird.

Music, piano, Miss Eva Bohannon.  
Parliamentary drill, leader, Oltie Elliott.

Debate—"Resolved, that city life offers better advantages to the average child than country life." Affirmative, Ira Fantz, Miss Mildred Wamsley; Negative, Donald Hall, Miss Grace La Mar.

## THIS IS ELECTRICAL WEEK

The Electric Light and Power Co. Joins in Boost for Conveniences.

This week is electrical week in almost every city in the country with electrical displays, demonstrations and special sales of electrical equipment, and the Maryville Electric Light and Power company is advertising special plans to bring to the public the knowledge of the comfort and helpfulness that lies in the electric current and the proper electrical apparatus.

This naturally will be something in the way of a selling campaign, but the National Society for Electrical Development, under whose auspices it is being arranged, does not intend to make it merely a selfish effort to sell goods. Rather, it is going at the campaign on the theory that the more electricity used the more happiness and the less drudgery in home and shop.

**Operation for Mrs. Porter.**

Mrs. John H. Porter left yesterday for Kirksville, where she will be operated on by Dr. Still of the School of Osteopathy. A message to Mr. Porter this morning said the operation will take place tomorrow morning.

## 6 COUSINS IN ARMY

MISS EMMA SCHMAUDER FEELS WAR INTEREST KEENLY.

## ALL IN KAISER'S RANKS

Husbands of Mrs. A. Schmauder's Nieces Also On German Front—One Dead, Others Disfigured.

Another person in Maryville who reads the war news with much more than passing interest is Miss Emma Schmauder, a clerk in Haines' store. And she has a good reason. Six first cousins are in the German army.

That is, they are in the ranks of the Kaiser if they haven't been killed. One has been so badly injured that he has been permanently discharged. One other is known to be dead but the parents and relatives do not know which one of three brothers it is.

Three of the cousins are Frederick, John and Gottlieb Betz of Wurtenberg, sons of a brother of Mrs. A. Schmauder of Burlington Junction. Gottlieb is a nurse in a military hospital somewhere along the west front. Frederick or John has been missing for eight months now and it is not known whether he is dead, a prisoner, or where he is.

John was shot near the beginning of the war and spent several months getting well at home and in the hospital. He was recalled into active service as soon as he was able to return. A letter just received by Mrs. Schmauder, mother of Miss Emma, says that one of the boys has been home on a two weeks' furlough at the end of his first year's service.

The other three cousins are Fred, Matthew and Henry Heipp, sons of a sister. One of them is a prisoner in a camp in Russia and the other two are in the trenches at Arras. Both of the families have daughters whose husbands are also on the firing line. One of the Heipp boys was shot in the mouth last December. After being sent home for a time to recover he was recalled but was not able to assimilate food and was given a permanent discharge. He is terribly disfigured, his mother writes.

All of the letters to her mother are full of assurance that Germany will win. Miss Schmauder says, and a staunch belief in the justice of the cause of the Fatherland is prominent. Good crops are reported, especially hemp.

## YOUNG PEOPLE'S TEAM VISITS

Mt. Zion Church, Near Darlington, Hears Speakers From Christian Endeavor Here.

A team of young people from the Christian Endeavor of the First Christian church went to Darlington yesterday, where they conducted an organization and efficiency meeting at the Mt. Zion church, near there.

A model devotional and prayer meeting of the Christian Endeavor was given, after which an Endeavor was formed. The team from here was captained by Glen C. Borchers, president of the Y. M. C. A. of the Normal. The others in the team were Miss Bertha Anderson, president of the Endeavor; Miss Bessie Porter and Miss Olivette Godsey.

The first of the Sunday afternoon meetings at the county jail were held yesterday afternoon under the leadership of Ed Gray, chairman of evangelical work in the Union of Young People's Societies. Five men are in the jail now.

## ROBBED OF WEDDING GIFTS

Mr. and Mrs. Arthur T. Luce of Chicago Suffer Two Burglaries—He Was Son of Former Pastor Here.

How Arthur T. Luce and his bride of a few weeks were robbed of all their wedding presents is told in a recent newspaper clipping sent to friends here. Mr. Luce was a Maryville boy, his father, Rev. C. P. Luce, being pastor of the Presbyterian church here for a number of years.

Mr. and Mrs. Luce are living in Chicago. Two robberies were committed. Mrs. Luce being bound and gagged and left unconscious in the second. All of the wedding clothes, all valuable silverware, and all their gifts which could be taken away are gone. The rings were taken from Mrs. Luce's fingers in the second burglary.

**Grand Stand Blown Over.**

The grand stand at Federal base ball park is in ruins as the result of recent strong winds. The heavy blow last week did the finishing touches to the destruction.

## DR. EVANS THURSDAY

SECOND LYCEUM NUMBER IS WELSH HUMORIST.

## IS HIGHLY RECOMMENDED

Lecturer is Relative of Lloyd-George—Speaks With Authority On "Lords of the Land."

The second number of the Maryville Lyceum course will be given Thursday night at the First Methodist church. Dr. Arthur Walwyn Evans, Welsh humorist will be the attraction.

Much interest is being shown in this speaker because he is related to Sir David Lloyd-George, one of the big men of the British Empire. S. D. Fess, president of Antioch College, says of him: "Arthur W. Evans' sermon and lecture at our chautauqua will long be remembered by those present as among the most interesting, impressive and eloquent they have ever heard."

Other recommendations given are: "As a lecturer and preacher this young Evans is a live wire in the best sense of the word."—Republic, Lima, Ohio.

"Arthur Evans is one of the most eloquent and enthusiastic speakers heard in Atlanta in a long time."—The Georgian, Atlanta, Georgia.  
"The best thing about his lecture is the message he brings, a message that he should carry everywhere throughout the broad land, the declaiming of the aristocrats of blood in England and of gold in America. He is humorous without being cute. He is oratorical without being lurid or verbose or lofty. His stories are fresh and bright. They fetch a hearty laugh each time."—Hiram N. Van Voorhis, secretary Lyceum Association, Vermillion, O.

## TWO HONORS TO MISS CRAIG

Presidency of Senior Class and Editor-in-Chief of "Linden-Leaves" Given to Maryville Girl.

To have two high honors bestowed upon her within one week was the experience of Miss Laura Craig, daughter of Mrs. Gallatin Craig. Miss Craig is a senior at Lindenwood college, St. Charles, Mo.

The St. Louis Globe-Democrat last Saturday carried a large picture of Miss Laura and an account of the two elections last week. The presidency of the senior class was the first honor which came to her in the election of the group which will be graduated next spring.

The editor-in-chief of "Linden-Leaves," the college annual, will be the other large trust which Miss Craig will carry for the Lindenwood students this year. The dispatch to the St. Louis paper says that the second election came in recognition of her strong literary abilities.

Miss Laura is a graduate of Maryville high school.

## POULTRY ENTRIES INCREASE

Birds Will Be Placed Wednesday and Judging Will Start Thursday—Ed McDonald Offers New Prizes.

Entries continue to come in for the Northwest Missouri Poultry show, which will open Wednesday. Judging will not commence until Thursday morning, as all of Wednesday will be spent in placing the exhibits. Ribbons will be placed on each pen as soon as the award is made.

D. E. McDonald practically won two other prizes at the Shenandoah poultry show last week, which were not listed among his winnings. Two pullets sold by him to Shenandoah men shortly before the show took first and second prizes. Those exhibited by Mr. McDonald took third and fourth.

Mr. McDonald has offered a new prize of \$1 for the best pen and 25 cents for the best male and best female from eggs which were given by him to boys and girls last spring. These prizes are in addition to the regular state prizes and the awards of the show.

## CANADIAN WHEAT SEIZED

20,000,000 BUSHELS UNDER GREAT ORDER.

Prices in United States Jump Two to Three Cents Today—Result of Allies' Army Needs.

Special to The Democrat-Forum.

Winnipeg, Nov. 29.—All bids outstanding on wheat were suspended by order of the Canadian grain commission, following the action of the government in seizing all of the wheat of high grade in elevators between Fort William and the Atlantic coast.

The seizure involves 20,000,000 bushels. The reason given for the act was the short crop in Australia and India, which makes the need of the British empire greater, and the fear that some of the grain would go to the enemies of the allies.

Wheat markets in the United States opened 2 to 3 cents higher as a result of the order, but the grain trade and markets of Canada are demoralized.

## GIRL INJURED IN RUNAWAY

Miss Hazel Peson Thrown From Buggy, Where She Lay Unconscious in Cold More Than an Hour.

Miss Hazel Peson was painfully injured this morning near Skidmore when the horse she was driving became frightened and ran away, throwing her from the buggy.

Miss Peson was on her way to school in Skidmore when the horse became unmanageable. She was thrown from the buggy in front of Will Barber's residence some time between 8 and 10 o'clock. Mr. Hickerson, passing by, saw the body lying at the side of the road and carried her into the Barber home unconscious.

Dr. J. C. Pierpoint was called and found no bones broken but several severe bruises about the head and shoulders. Miss Peson did not regain consciousness until noon and was unable to give the details of the accident. She suffered severely from the cold, as it was near 10 o'clock when she was found.

## NEW BRIDGE AT ARKOE SOON

Bridgewater Work Will Begin Wednesday—Judge Blackford and Engineer Reece at Braddyville.

The Bridgewater bridge over the 102 river, south of Arkoe, will be put in soon, work to start Wednesday by Charles Hollensby and his gang. This bridge was washed away during the high waters last summer.

Judge W. M. Blackford and County Engineer Joseph Reece went to Braddyville, Ia., Saturday to go over a road that is on the county seat highway between Clearmont and Braddyville and near the state line.

The improvements contemplated are a new culvert and the grading up of the road. The authorities of Page county also intend to do some road work on this stretch of road if they can get Nodaway county to take care of their part. Judge Blackford and Mr. Reece decided to lay the matter over until next spring.

## CONGRESS WHEELS

BEGIN TO TURN

ALMOST EVERY MEMBER IS IN WASHINGTON TODAY.

## HOUSE PROGRAM AND

SENATE CLOSURE UP

It is Believed That Upper Body Will Adopt Some Debate Restrictions—Mr. Van Cleave to Leave Soon.

Special to The Democrat-Forum.

Washington, Nov. 29.—With practically the entire membership of congress on hand today, the machinery of the sixty-fourth congress began to move today.

Democratic members of the house of representatives are in session today to determine if possible the legislative program for the session.

Radical members of the senate want the rules changed or amended to shut off unlimited debate at all times. Many are opposing the plan bitterly.

The opinion of the majority is that the new methods of controlling debate will be adopted, but absolute closure will not be placed in force.

Senator Kern of Indiana is slated for re-election as floor leader of the Democrats in the senate and Senator J. Ham Lewis of Illinois as Democratic "whip."

Senator Swanson of Virginia is a candidate to succeed Senator Clark of Arkansas as president pro tem. of the senate. It is not thought that he will win.

On the house side of congress, it has been agreed that no change will be made in the chairmanship of the important committees.

Senator Kern was re-elected majority leader of the Democrats in the senate this afternoon. Senator Pittman was made secretary of the conference. Adjournment was then taken until Wednesday.

W. C. Van Cleave of The Democrat-Forum will leave tomorrow morning for Washington, D. C., to be present at the opening of the sixty-fourth congress. For the past two years Mr. Van Cleave has held the important position of assistant journal clerk in the house of representatives.

The journal clerk and assistant are required to make a record of all the acts of the house and to write up the journal of the house in parliamentary language. The journal of the proceedings of each day must be approved by the house at its next sitting before any other business can be transacted under the rules.

These journals are the only official records that are kept of the proceedings of the house, and at the close of each session they are bound in the original state and placed among the permanent files of the government and copies are also printed and bound for distribution among the members of congress.

#### FARMERS AT STOCK MARKET.

Nodaway County Stock Men Interviewed by Stock Yards Journal of St. Joseph.

The following is from the St. Joseph Stock Yards Journal of Saturday's issue:  
Thomas L. McClurg was in today from Nodaway county with two car loads of hogs. He reports that hogs are doing fine in that section of the country. "Both cattle and hogs are being fed fully up to the average, and in my opinion more feeding is going on this year than last," said Mr. McClurg. "The corn crop made the largest yield it has made in three or four years. Hay is about as good as I have ever seen it, and very little of it was damaged by the wet weather. Wheat and oats were complete failures, most of the wheat rotting in the shock and about 50 per cent of the oats left standing in the field without being harvested."

Charles Sprague, a large farmer and feeder of Nodaway county, marketed a load of hogs of his own feeding today. He reports that the pig crop is the largest in years. There will be very little hog feeding, however, as the corn is too high to be fed with profit. The country is free of hog cholera than it has been for many years. Not a single case has been reported. Wheat and oats both made large yields, but neither could be harvested until it was moldy or damaged. Corn is of an in-

#### TAKE "CASCARETS" IF HEAD-ACHY, BILIOUS AND CONSTIPATED.

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

### MONKEY WAS DELIGHTED

Talking Machine Solves Problem of Lonesome "African" in New York Zoological Park.

Supposing you were seized by a lot of gorillas in the heart of the African jungle, carried to the depths of the forest, and there carefully kept in a strong cage, with plenty to eat and nothing to do except to look pretty. Would you be happy? No, you would probably have a foolish longing for the dear old U. S. A. and its sights and sounds. You would be mighty home sick.

That's just the situation of Hoolock, Gibbon of Borneo, now resident in the Bronx Zoo. Hoolock is so like a man that he won't have anything to do with the other imprisoned primates—plain, ordinary monkeys. At the same time, he has the curious notion that he is superior to those free trussed and skinned primates walking about outside his cage.

Hoolock sat in a corner, his face staring blankly into space, his hands idle, his heart four thousand miles away. He was fasting, like Walter Wade, but not in the cause of science. He cared not whether he lived or died, and that was all there was to it. Curator Ditmars looked at him and thought deeply. If it were not for the war, Mr. Ditmars would try to bring a few of Hoolock's friends from the jungle to keep him company. Then a bright idea came to the Curator. He had a phonograph record making machine put in Senator Gibbon's cage. The prisoner took no notice, he simply chatted to himself, sang sad jungle lays, and moaned his discontent. All the time the little cylinder revolved.

An hour later Hoolock started. Some body was talking jungle dialect to him. His own language! He brightened up and chatted back. He cooed to the voice, sang, and generally showed his delight. That evening he ate a good supper and now with his phonograph, playing the records he has made himself, for a companion, he is one of the healthiest and liveliest specimens in Mr. Ditmars's care.

### "MOSQUITO FLEET" FOR FIRES.

Davenport, Ia., Thinks It Has Solved Problem.

Davenport, Ia., Nov. 29.—The problem of adequate fire protection for small cities, towns and villages seems to have been solved by Davenport, Ia. That city has ceased to purchase heavy and expensive fire fighting apparatus and has invested in a "mosquito fleet."

The "mosquito fleet" is composed of hose wagon bodies mounted upon Ford chassis and in spite of the fun poked at the city council since the little cars were ordered a few days ago, the members of the council and the fire department of the city are certain the experiment will be successful.

### WIRELESS SICKNESS NOW.

Travelers at Sea Affected by the Telephone Development.

Philadelphia.—"Wireless nausea" is the newest illness reported and has only come since the wireless telephone with its almost unmeasured voltage current projected through space has become an established thing. The discovery of the phenomenon was the result of travelers on shipboard becoming nauseated at sea when there was no perceptible dip to the vessels on which they were traveling.

The matter was reported to the Aero Club of Pennsylvania, and one of its members was sent aboard a coastwise liner to investigate. When the influence began to be felt the wireless apparatus was set and an extremely high potential such as is used at Arlington was discovered in the atmosphere.

## ALL SCHEDULES OF NORMAL MADE

DIRECTOR W. HANSON ATTENDS MEETING IN KANSAS CITY.

## TARKIO PROPOSED TURKEY DAY RIVAL

Most of Basket Ball, Base Ball and Football Games Arranged For—Important Changes.

The Normal schedules for basketball and baseball were made by Director Walter Hanson at the annual meeting of the Missouri Intercollegiate Athletic Association in Kansas City Friday and Saturday.

The first conference basketball game will be played with Central College at Fayette January 7 if a game can be arranged for the day before with Missouri University at Columbia. The rest of the schedule follows for the home games:

January 14—Missouri Wesleyan.  
February 4—William Jewell.  
February 11—Springfield Normal.  
February 25—Westminster.  
February 29—Tarkio.

The long-away-from-home trip was arranged by Mr. Hanson for early in the season this year. Missouri Wesleyan, Drury and two games with the Springfield Normal will be played January 19-22. Other foreign-court games are: William Jewell College January 27 and Tarkio at Tarkio February 17.

These are the conference games. The rules were changed to permit the playing of sixteen games in basketball and baseball and games played in vacations will not count. The Maryville Normal will probably get other games with teams not in the conference.

**Will Increase Athletics' Scholarship.**  
The Association decided in Kansas City to award a trophy to the senior in each school having a letter in one of the major sports whose grades are the highest. Another important ruling was that basketball games counting in the championship must be on regulation sized courts. This will make several teams play away from home, particularly Missouri Wesleyan and William Jewell who will probably play in the K. C. A. C. at Kansas City.

The annual Track meet of the colleges will be held at Tarkio May 19 and 20. William Jewell was awarded the football championship. Officials hereafter will be selected by a committee of the association to stop criticism of men for being partial to a school.

Conception college will open the Normal baseball schedule here April 7. The rest of the home games in baseball here are:

April 28—Springfield Normal.  
May 3—Tarkio.  
May 12—W. J. C.  
May 17—Mo. Wesleyan.  
A trip to M. U. Central, Missouri Valley and Kirksville Normal will be arranged. Most of the out-of-town games were scheduled by Mr. Hanson in April when there is the most chance for bad weather. Missouri Wesleyan will receive the Maryville Normals April 13, W. J. C., April 14, Tarkio, April 21, and Conception college May 8.

**Next Year's Football Schedule.**  
Omaha University will probably open the football season here next fall. Westminster will play the State Normal either here or at Fulton October 6. Missouri Wesleyan will play either here or at Cameron October 20. The date of the Kirksville Normal game has not been set.

Tarkio college will have a Thanksgiving game with the Maryville Normal probably and the hope is that such a game can be made an annual affair. Three other games can be scheduled.

Most of the students of the State Normal school returned last night and this morning and school work has been resumed after the Thanksgiving holidays. The following programs have been arranged for next Thursday by the literary societies:

Philomatheans—Music, Lulu Marshall; debate, "Resolved, that the treatment of the American Indian has been just." Affirmative, Charles

Meyers, Edna Younger; negative, Bruce Wilkerson, Violet Pence; wit and humor, Ralph Palmer.

Eurekans—Modern American Singers, Blanche Criswell; Musicians in Germany Today, Edna Dietz; Italian Singers, Mary Wallace; victrola music, Jessie Ewing.

Excelsior—Music, piano, Miss Ica B. Street.

Oration, Viron Bird.  
Reading, Miss May Ham.  
Music, piano, Miss Eva Bohannon.  
Parliamentary drill, leader, Oltie Elliott.

Debate—"Resolved, that city life offers better advantages to the average child than country life." Affirmative, Ira Fantz, Miss Mildred Wamsley; Negative, Donald Hall, Miss Grace La Mar.

## THIS IS ELECTRICAL WEEK

The Electric Light and Power Co. Joins in Boost for Conveniences.

This week is electrical week in almost every city in the country with electrical displays, demonstrations and special sales of electrical equipment, and the Maryville Electric Light and Power company is advertising special plans to bring to the public the knowledge of the comfort and helpfulness that lies in the electric current and the proper electrical apparatus.

This naturally will be something in the way of a selling campaign, but the National Society for Electrical Development, under whose auspices it is being arranged, does not intend to make it merely a selfish effort to sell goods. Rather, it is going at the campaign on the theory that the more electricity used the more happiness and the less drudgery in home and shop.

**Operation for Mrs. Porter.**

Mrs. John H. Porter left yesterday for Kirksville, where she will be operated on by Dr. Still of the School of Osteopathy. A message to Mr. Porter this morning said the operation will take place tomorrow morning.

## 6 COUSINS IN ARMY

MISS EMMA SCHMAUDER FEELS WAR INTEREST KEENLY.

## ALL IN KAISER'S RANKS

Husbands of Mrs. A. Schmauder's Nieces Also On German Front—One Dead, Others Disfigured.

Another person in Maryville who reads the war news with much more than passing interest is Miss Emma Schmauder, a clerk in Haines' store. And she has a good reason. Six first cousins are in the German army.

That is, they are in the ranks of the Kaiser if they haven't been killed. One has been so badly injured that he has been permanently discharged. One other is known to be dead but the parents and relatives do not know which one of three brothers it is.

Three of the cousins are Frederick, John and Gottlieb Betz of Wurtemberg, sons of a brother of Mrs. A. Schmauder of Burlington Junction. Gottlieb is a nurse in a military hospital somewhere along the west front. Frederick or John has been missing for eight months now and it is not known whether he is dead, a prisoner, or where he is.

John was shot near the beginning of the war and spent several months getting well at home and in the hospital. He was recalled into active service as soon as he was able to return. A letter just received by Mrs. Schmauder, mother of Miss Emma, says that one of the boys has been home on a two weeks' furlough at the end of his first year's service.

The other three cousins are Fred, Matthew and Henry Hepp, sons of a sister. One of them is a prisoner in a camp in Russia and the other two are in the trenches at Arras. Both of the families have daughters whose husbands are also on the firing line. One of the Hepp boys was shot in the month last December. After being sent home for a time to recover he was recalled but was not able to assimilate food and was given a permanent discharge. He is terribly disfigured, his mother writes.

All of the letters to her mother are full of assurance that Germany will win, Miss Schmauder says, and a staunch belief in the justice of the cause of the Fatherland is prominent. Good crops are reported, especially hemp.

## YOUNG PEOPLE'S TEAM VISITS

Mt. Zion Church, Near Darlington, Hears Speakers From Christian Endeavor Here.

A team of young people from the Christian Endeavor of the First Christian church went to Darlington yesterday, where they conducted an organization and efficiency meeting at the Mt. Zion church, near there.

A local devotional and prayer meeting of the Christian Endeavor was given, after which an Endeavor was formed. The team from here was captained by Glen C. Borchers, president of the Y. M. C. A. of the Normal. The others in the team were Miss Bertha Anderson, president of the Endeavor; Miss Bessie Porter and Miss Olivette Godsey.

The first of the Sunday afternoon meetings at the county jail were held yesterday afternoon under the leadership of Ed Gray, chairman of evangelistic work in the Union of Young People's Societies. Five men are in the jail now.

## ROBBED OF WEDDING GIFTS

Mr. and Mrs. Arthur T. Luce of Chicago Suffer Two Burglaries—He Was Son of Former Pastor Here.

How Arthur T. Luce and his bride of a few weeks were robbed of all their wedding presents is told in a recent newspaper clipping sent to friends here. Mr. Luce was a Maryville boy, his father, Rev. C. P. Luce, being pastor of the Presbyterian church here for a number of years.

Mr. and Mrs. Luce are living in Chicago. Two robberies were committed, Mrs. Luce being bound and gagged and left unconscious in the second. All of the wedding clothes, all valuable silverware, and all their gifts which could be taken away are gone. The rings were taken from Mrs. Luce's fingers in the second burglary.

## DR. EVANS THURSDAY

SECOND LYCEUM NUMBER IS WELSH HUMORIST.

## IS HIGHLY RECOMMENDED

Lecturer is Relative of Lloyd-George—Speaks With Authority On "Lords of the Land."

The second number of the Maryville Lyceum course will be given Thursday night at the First Methodist church. Dr. Arthur Walwyn Evans, Welsh humorist will be the attraction.

Much interest is being shown in this speaker because he is related to Sir David Lloyd-George, one of the big men of the British Empire. S. D. Fess, president of Antioch College, says of him:

"Arthur W. Evans' sermon and lecture at our chautauqua will long be remembered by those present as among the most interesting, impressive and eloquent they have ever heard."

Other recommendations given are: "As a lecturer and preacher this young Evans is a live wire in the best sense of the word."—Republic, Lima, Ohio.

"Arthur Evans is one of the most eloquent and enthusiastic speakers heard in Atlanta in a long time."—The Georgian, Atlanta, Georgia.

"The best thing about his lecture is the message he brings, a message that he should carry everywhere throughout the broad land, the declaiming of the aristocrats of blood in England and of gold in America. He is humorous without being cute. He is oratorical without being lurid or verbose or lofty. His stories are fresh and bright. They fetch a hearty laugh each time."—Hiram N. Van Voorhis, secretary Lyceum Association, Vermillion, O.

## TWO HONORS TO MISS CRAIG

Presidency of Senior Class and Editor-in-Chief of "Linden-Leaves" Given to Maryville Girl.

To have two high honors bestowed upon her within one week was the experience of Miss Laura Craig, daughter of Mrs. Gallatin Craig. Miss Craig is a senior at Lindenwood college, St. Charles, Mo.

The St. Louis Globe-Democrat last Saturday carried a large picture of Miss Laura and an account of the two elections last week. The presidency of the senior class was the first honor which came to her in the election of the group which will be graduated next spring.

The editor-in-chief of "Linden-Leaves," the college annual, will be the other large trust which Miss Craig will carry for the Lindenwood students this year. The dispatch to the St. Louis paper says that the second election came in recognition of her strong literary abilities.

Miss Laura is a graduate of Maryville high school.

## POULTRY ENTRIES INCREASE

Birds Will Be Placed Wednesday and Judging Will Start Thursday—Ed McDonald Offers New Prizes.

Entries continue to come in for the Northwest Missouri Poultry show, which will open Wednesday. Judging will not commence until Thursday morning, as all of Wednesday will be spent in placing the exhibits. Ribbons will be placed on each pen as soon as the award is made.

D. E. McDonald practically won two other prizes at the Shenandoah poultry show last week, which were not listed among his winnings. Two pullets sold by him to Shenandoah men shortly before the show took first and second prizes. Those exhibited by Mr. McDonald took third and fourth.

Mr. McDonald has offered a new prize of \$1 for the best pen and 25 cents for the best male and best female from eggs which were given by him to boys and girls last spring. These prizes are in addition to the regular state prizes and the awards of the show.

## CANADIAN WHEAT SEIZED

20,000,000 BUSHELS UNDER GREAT ORDER.

Prices in United States Jumps Two to Three Cents Today—Result of Allies' Army Needs.

Special to The Democrat-Forum.

Winnipeg, Nov. 29.—All bids outstanding on wheat were suspended by order of the Canadian grain commission, following the action of the government in seizing all of the wheat of high grade in elevators between Port William and the Atlantic coast.

The seizure involves 20,000,000 bushels. The reason given for the act was the short crop in Australia and India, which makes the need of the British empire greater, and the fear that some of the grain would go to the enemies of the allies.

Wheat markets in the United States opened 2 to 3 cents higher as a result of the order, but the grain trade and markets of Canada are demoralized.

## GIRL INJURED IN FUNAWAY

Miss Hazel Peson Thrown From Buggy, Where She Lay Unconscious in Cold More Than an Hour.

Miss Hazel Peson was painfully injured this morning near Skidmore when the horse she was driving became frightened and ran away, throwing her from the buggy.

Miss Peson was on her way to school in Skidmore when the horse became unmanageable. She was thrown from the buggy in front of Will Barber's residence some time between 8 and 10 o'clock. Mr. Hickerson, passing by, saw the body lying at the side of the road and carried her into the Barber home unconscious.

Dr. J. C. Pierpoint was called and found no bones broken but several severe bruises about the head and shoulders. Miss Peson did not regain consciousness until noon and was unable to give the details of the accident. She suffered severely from the cold, as it was near 10 o'clock when she was found.

Bridgewater Work Will Begin Wednesday—Judge Blackford and Engineer Reece at Braddyville.

The Bridgewater bridge over the 162 river, south of Arkoe, will be put in soon, work to start Wednesday by Charles Hollensby and his gang. This bridge was washed away during the high waters last summer.

Judge W. M. Blackford and County Engineer Joseph Reece went to Braddyville, Ia., Saturday to go over a road that is on the county seat highway between Clearmont and Braddyville and near the state line.

The improvements contemplated are a new culvert and the grading up of the road. The authorities of Page county also intend to do some road work on this stretch of road if they can get Nodaway county to take care of their part. Judge Blackford and Mr. Reece decided to lay the matter over until next spring.

## CONGRESS WHEELS BEGIN TO TURN

ALMOST EVERY MEMBER IS IN WASHINGTON TODAY.

## HOUSE PROGRAM AND SENATE CLOTURE UP

It is Believed That Upper Body Will Adopt Some Debate Restrictions—Mr. Van Cleave to Leave Soon.

Special to The Democrat-Forum.

Washington, Nov. 29.—With practically the entire membership of congress on hand today, the machinery of the sixty-fourth congress began to move today.

Democratic members of the house of representatives are in session today to determine if possible the legislative program for the session.

Radical members of the senate want the rules changed or amended to shut off unlimited debate at all times. Many are opposing the plan bitterly.

The opinion of the majority is that the new methods of controlling debate will be adopted, but absolute cloture will not be placed in force.

Senator Kern of Indiana is slated for re-election as floor leader of the Democrats in the senate and Senator J. Ham Lewis of Illinois as Democratic "whip."

Senator Swanson of Virginia is a candidate to succeed Senator Clark of Arkansas as president pro tem. of the senate. It is not thought that he will win.

On the house side of congress, it has been agreed that no change will be made in the chairmanship of the important committees.

Senator Kern was re-elected majority leader of the Democrats in the senate this afternoon. Senator Pittam was made secretary of the conference. Adjournment was then taken until Wednesday.

W. C. Van Cleave of The Democrat-Forum will leave tomorrow morning for Washington, D. C., to be present at the opening of the sixty-fourth congress. For the past two years Mr. Van Cleave has held the important position of assistant journal clerk in the house of representatives.

The journal clerk and assistant are required to make a record of all the acts of the house and to write up the journal of the house in parliamentary language. The journal of the proceedings of each day must be approved by the house at its next sitting before any other business can be transacted under the rules.

These journals are the only official records that are kept of the proceedings of the house, and at the close of each session they are bound in the original state and placed among the permanent files of the government and copies are also printed and bound for distribution among the members of congress.

### FARMERS AT STOCK MARKET.

Nodaway County Stock Men Interviewed by Stock Yards Journal of St. Joseph.

The following is from the St. Joseph Stock Yards Journal of Saturday's issue:  
Thomas L. McClurg was in today from Nodaway county with two car loads of hogs. He reports that hogs are doing fine in that section of the country. "Both cattle and hogs are being fed fully up to the average, and in my opinion more feeding is going on this year than last," said Mr. McClurg. "The corn crop made the largest yield it has made in three or four years. Hay is about as good as I have ever seen it, and very little of it was damaged by the wet weather. Wheat and oats were complete failures, most of the wheat rotting in the shock and about 50 per cent of the oats left standing in the field without being harvested."

Charles Sprague, a large farmer and feeder of Nodaway county, marketed a load of hogs of his own feeding today. He reports that the pig crop is the largest in years. There will be very little hog feeding, however, as the corn is too high to be fed with profit. The country is freer of hog cholera than it has been for many years. Not a single case has been reported. Wheat and oats both made large yields, but neither could be harvested until it was moldy or damaged. Corn is of an in-

### TAKE "CASCARETS" IF HEAD-ACHY, BILIOUS AND CONSTIPATED.

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

### MONKEY WAS DELIGHTED

Talking Machine Solves Problem of Lonesome "African" in New York Zoological Park.

Supposing you were seized by a lot of gorillas in the heart of the African jungle, carried to the depths of the forest, and there carefully kept in a strong cage, with plenty to eat and nothing to do except to look pretty. Would you be happy? No, you would probably have a foolish longing for the dear old U. S. A. and its sights and sounds. You would be mighty home sick.

That's just the situation of Hoolock Gibbon of Borneo, now resident in the Bronx Zoo. Hoolock is so like a man that he won't have anything to do with the other imprisoned primates—plain, ordinary monkeys. At the same time, he has the curious notion that he is superior to those free trussed and skinned primates walking about outside his cage.

Hoolock sat in a corner, his face staring blankly into space, his hands idle, his heart four thousand miles away. He was fasting, like Walter Wade, but not in the cause of science. He cared not whether he lived or died, and that was all there was to it.

Curator Dittmars looked at him and thought deeply. If it were not for the war, Mr. Dittmars would try to bring a few of Hoolock's friends from the jungle to keep him company. Then a bright idea came to the Curator. He had a phonograph record making machine put in Senator Gibbon's cage. The prisoner took no notice, he simply chatted to himself, sang sad jungle lays, and moaned his discontent. All the time the little cylinder revolved.

An hour later Hoolock started. Some body was talking jungle dialect to him. His own language! He brightened up and chatted back. He cooed to the voice, sang, and generally showed his delight. That evening he ate a good supper and now with his phonograph, playing the records he has made himself, for a companion, he is one of the healthiest and liveliest specimens in Mr. Dittmars's care.

### "MOSQUITO FLEET" FOR FIRES.

Davenport, Ia., Thinks It Has Solved Problem.

Davenport, Ia., Nov. 29.—The problem of adequate fire protection for small cities, towns and villages seems to have been solved by Davenport, Ia. That city has ceased to purchase heavy and expensive fire fighting apparatus and has invested in a "mosquito fleet."

The "mosquito fleet" is composed of hose wagon bodies mounted upon Ford chassis' and in spite of the fun poked at the city council since the little cars were ordered a few days ago, the members of the council and the fire department of the city are certain the experiment will be successful.

### WIRELESS SICKNESS NOW.

Travelers at Sea Affected by the Telephone Development.

Philadelphia.—"Wireless nausea" is the newest illness reported and has only come since the wireless telephone with its almost unmeasured voltage current projected through space has become an established thing. The discovery of the phenomenon was the result of travelers on shipboard becoming nauseated at sea when there was no perceptible dip to the vessels on which they were traveling.

The matter was reported to the Aero Club of Pennsylvania, and one of its members was sent aboard a coastwise liner to investigate. When the influence began to be felt the wireless apparatus was set and an extremely high potential such as is used at Arlington was discovered in the atmosphere.
